EDUCATION

D.A.V Public School, Sec- 49, Faridabad – Class X
2017
CGPA – 9.8

D.A.V Public School, Sec- 49, Faridabad – Class XII
2019
Percentage – 77.04

J. C Bose University Of Science and Technology, YMCA, Faridabad –B. Tech(Electronics with specialization in IOT)
2024
CGPA – 8.09

PROJECTS

- In My Corner

In My Corner is an educational project that aimed to revolutionize library interactions through a technology stack. The project utilized React for the frontend, providing an intuitive and responsive user interface for optimal experiences across devices. On the backend, the Spring Boot framework facilitated the development of robust RESTful APIs, ensuring seamless communication between the frontend and a dynamic MySQL database.

- Expense Tracker

The Expense Tracker Application is a user-friendly financial management solution crafted with HTML, CSS, and React, featuring seamless expense tracking and innovative voice recognition technology for efficient data input. The application's frontend leverages React components for a dynamic user interface, and voice recognition functionality is integrated using specialized libraries within React.

- Snake Game

Java Snake Game is a classic arcade-style game where players control a snake to eat food and grow longer, with the challenge of avoiding collisions with walls and the snake's own body.

ACHIEVEMENTS

Placed 2nd in Model Demonstration Competition held at J.C Bose University Of Science and Technology On National Technology Day'23

PROFILE

As a driven professional with proficiency in languages and development tools, I am enthusiastic about securing a role within a forward-looking company. I am eagerto leverage my skill set to the company's advantage while also embracing opportunities for my own skill advancement.
